

Course Evaluation Checklist

The Course Evaluation Checklist is a collaborative creation from members of the Education Services department at Instructure. By combining our expertise in Canvas, sharing our knowledge of Universal Design for Learning principles, and applying our deep understanding of pedagogical best practices, we've created a tool that will elevate the quality of Canvas courses.

The Education Services department is always ready to help your organization create a cycle of success with Canvas through Training, Instructional Design, and Adoption Consulting! Our Instructional Design team offers full Course Evaluations. Course evaluation services provide insight into best practices. Recommendations will focus on aligning course objectives, accessibility, and overall creation of an enhanced user experience. If you would like to learn more about our services, please contact your CSM or Shauna Vorkink at svorkink@instructure.com.
